We Are Moving!

On September 17, 2018, the KEB will relocate to its permanent head office in Nipissing First Nation. We may experience a temporary loss in telephone and fax service. Email service will not be affected. Notification of our new contact information will be provided ASAP. Miigwech for your patience during these transitional days!

Message from the Director of Education

Aanii Kina Wiya!

We are pleased to introduce the inaugural edition of *Dibaajmowin* - a monthly newsletter produced by the Kinoomaadziwin Education Body (KEB), to ensure consistent and timely updates to AES Participating First Nations.

As we head into another academic year, our communities are busy preparing to accept the first classes of students entirely operated under community-established education laws. AES communities and schools will be faced with new opportunities and challenges this year, as they navigate self-governance and identify a new operational norm.

Throughout this important and exciting transitional time, the KEB continues to implement the work plans of the Anishinabek Nation Education Agreement and the Master Education Agreement. The administrative office will reach a milestone in its implementation efforts on September 17, as we open the doors to our official head office in Nipissing First Nation!

Some of the things to look forward to in the coming months include the official AES launch event, the implementation of a new student information management system, and our fall REC meetings. Staff at the KEB are always available to provide assistance to our communities, so please reach out to us often!

Baa Maa Pii!

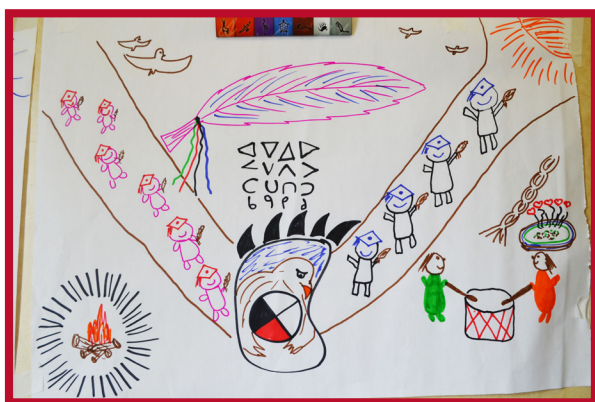

UPDATE FROM THE BOARD OF DIRECTORS

The Board of Directors continues to meet on a bi-weekly basis to govern the AES's corporate administrative body. Among its primary tasks, the board reviews and approves major organization decisions, ensures the implementation of organizational policies and plans, and oversees the administrative operation of the Anishinabek Education System. Communiqués from each board meeting will soon be made available to all PFNs in the media section of the KEB website, at www.aes-keb.com.

Board of Directors Annual Retreat

The Board of Directors attended a retreat on May 24 & 25, in North Bay. Elder John Sawyer, of Nipissing First Nation, provided traditional support and opened the retreat in a good-spirited way.

In addition to reviewing the corporate bylaw of the KEB and the responsibilities of the Board of Directors, the retreat supported the development of the 2018-2019 strategic plan. New vision and mission statements were also created by the directors.

The strategic direction will provide the foundation for the work plans of the KEB staff for 2018-2019. The new vision and mission statements identify what the organization will strive to achieve over the coming years.
