1.0 General Overview

The Kinoomaadziwin Education Body (KEB) is issuing a Request for Proposal (RFP) for the services of a Consulting Firm ('Firm') or Independent Consultant (Individual). The KEB plans to conduct a study of Anishinabek student success and well-being over a period of 15 years for students attending schools on-reserve and those attending school off-reserve. The intent of the study is to determine the impact of the implementation of the AES, a First Nation controlled education system, on Anishinabek students. The study is intended to allow the Anishinabek First Nations to identify developments and changes in Anishinabek education, at both the group and individual level. This will enable the Anishinabek First Nations to support decisions and investments in programs and services that enhance Anishinabek student success and well-being.

It is understood that the information in the RFP is a combined Statement of Qualifications (Qualifications) and a Price Proposal (Proposal), and it shall be the general basis for the selection of a Firm/Individual to provide this professional service and study.

The KEB expects to select the highest-scoring Firm based on a structured scoring evaluation. The scoring evaluation (Appendix 2) shall consider each Firm's/Individual's ability to perform the required service, experience, approach to the project, the personnel assigned to the actual project work, the proposed fees and costs, the time-period in which the project will be completed, the reference checks and the clarity of the submission, in relation to the scoring matrix.

2.0 Anishinabek Education System (AES) Information

The AES is comprised of the Participating First Nations, Local Education Authorities, Regional Education Councils, and the KEB.

Participating First Nation and Local Education Authorities

Each Participating First Nation has law-making authority over education on-reserve, from Junior Kindergarten to Grade 12. A Participating First Nation may set up a Local Education Authority (education board or committee) to support and manage education programs and services at the community level. There are currently 23 Participating First Nations in the Anishinabek Education System. These First Nations vary significantly in terms of overall population, student population, and education operations. A complete list of all the Participating First Nations is set out in Figure 1 on the following page.

Regional Education Councils

Each Participating First Nation belongs to one Regional Education Council (REC). The REC provides opportunities for networking, for determining First Nation and regional education priorities, and to provide input to the KEB. A Regional Education Council Coordinator supports the activities of each Regional Education Council. Each Participating First Nation

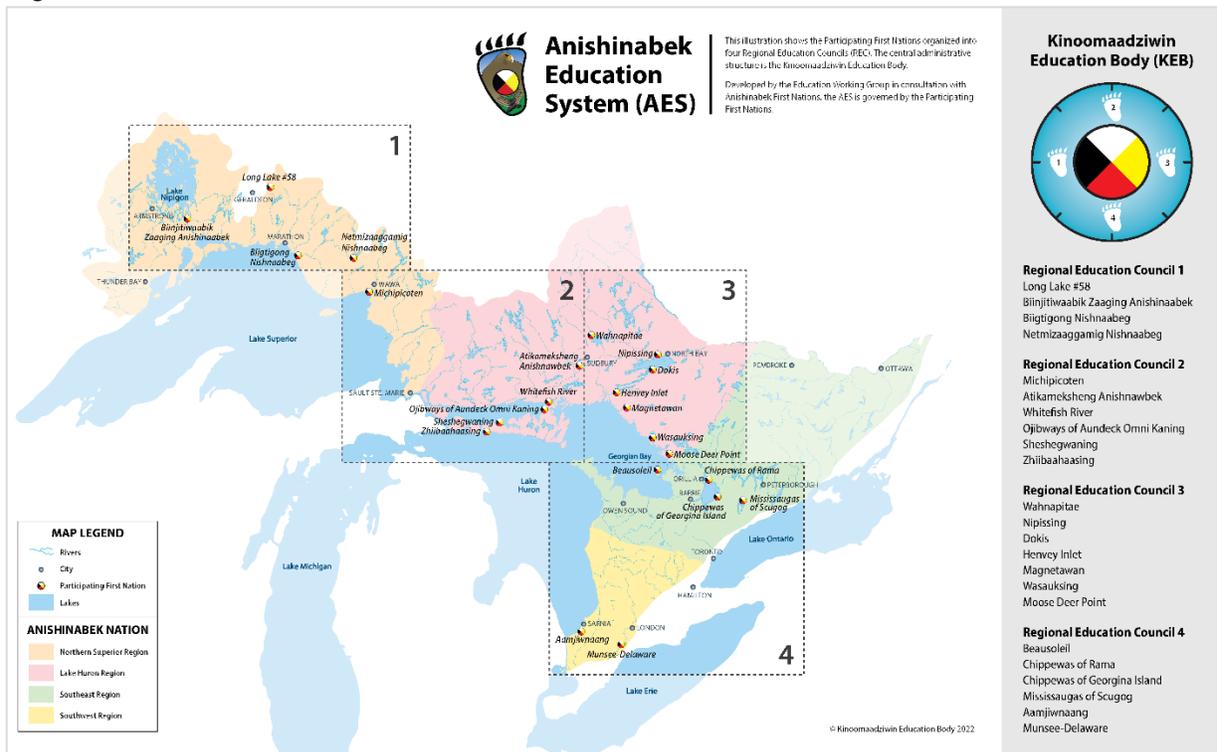

appoints two representatives as Regional Education Council members to represent the First Nation at Regional Education Council meetings that occur monthly.

The Kinoomaadziwin Education Body (KEB)

Participating First Nations work together through a central administrative structure called the Kinoomaadziwin Education Body (KEB). The KEB takes direction from the Participating First Nations. The KEB supports the First Nations in their delivery of education programs and services and liaises with the Province of Ontario on education matters. The KEB also negotiates with the Government of Canada for additional financial resources to meet the Participating First Nations’ education needs.

Figure 1 below provides an overview of the Anishinabek Education System structure, including a list of all PFNs within each region.

Figure 1

In Appendix 2 of this RFP is a copy of the KEB Organizational Structure.

KEB Chiefs Committee

By resolution of the Participating First Nations, a committee comprised of one Chief from each Regional Education Council was created to provide political support, advocacy, and guidance to the KEB Board of Directors.

Youth Council

The KEB is in the process of establishing a Youth Council.

3.0 The Project

Scope of Work

The Kinooaadziwin Education Body (KEB) is seeking a contractor to draft a research proposal for the KEB to seek funding to support longitudinal research on Anishinabek student success and well-being. The proposal must include:

- the research framework,
- research implications,
- design and methodology
- implementation plan, and
- budget plan.

The research proposal is intended to provide a comprehensive approach to identifying and understanding the degree and direction of student achievement and well-being changes over time. The contractor will engage with the Participating First Nations of the AES, the AES Research Advisory Group, the Data, Research and Evaluation Committee (a joint committee comprised of, KEB and Ministry of Education representatives), and the KEB's Data Management Officer to draft the proposal.

Deliverables:

- Familiarize with AES data, research, and evaluation processes and activities.
- Read the completed evaluation reports developed by the KEB for context and reference.
- Work with the Data Management Officer and the AES Research Advisory Group to provide professional support for the development of the AES Research Framework.
 - Conduct community engagement with the 23 Participating First Nations to identify the values, priorities, and goals of the longitudinal study on AES student success and well-being. Community engagement may include virtual meetings, surveys, focus groups, or other relevant methods of engagement.
- Attend DREC monthly meetings, as required.
- Research and identify available funding grants/opportunities with Canada.
- Develop a complete proposal for longitudinal research for submission to Canada, including but not limited to the following components:
 - the research framework;
 - research implications;
 - design and methodology;
 - implementation plan; and
 - budget plan.
